

COLESLAW — we make *2 kinds* using our distinctive recipes that deliver on big flavor.

Creamy Southern style — OR — Tangy Vinaigrette style.

GOLDEN POTATO SALAD — Made using Doriola's own recipe with mayo, mustard, dill pickles. Creamy, dreamy and delish.

MEXICALI CORN — An amazing treat that's a riff on the street vendor corn sold on many corners in Mexico and South America. Mucho savor.

MEATS

PULLED PORK — brined, cooked low and slow for that juicy flavor that every honest to goodness pulled pork butt should have. So tasty and juicy doesn't even need sauce.

PORK SPARE RIBS — brined, dry rubbed, cooked low and slow to achieve juicy flavor that you just *want* running off your elbows.

BABY BACK PORK RIBS — brined, dry rubbed, cooked low and slow with our special seasoning mix for that juicy flavor that turns these ribs into something to sing about!

BEEF BRISKET — BEEF an American favorite, dry rubbed and then cooked low and slow for a juicy, rich and savory flavor and served sliced.

CANDIED PORK BELLY BOMBS — Glistening nuggets of utter pork decadence! Amazing punch of flavor, unctuous and delightful to eat.

SAUCES

RED — A zesty, tangy, slightly sweet que sauce that is made with 15+ ingredients! Now that's flavor, upon flavor, upon flavor. Goes well with all of the meats, consider it the Mother sauce!

WHITE — A not so well know que sauce that is simply scrumptious. Give it a try you may just be won over to the 'other' side. Pairs perfectly with the brisket and pulled pork.

BLUE — Our spin on a great que sauce that adds in the delightful flavor and benefits of blueberries! Our Red sauce with blueberries added in. Try it with the ribs.

YELLOW — A sassy, tart mustard and vinegar based que sauce. A great alternative if you aren't keen on a tomato based que. This punchy sauce goes especially well with the pulled pork! It's mustard!!!

BLACK — Our regular red sauce amped up with plenty of heat. We add layers of ancho, chipotle and fire roasted jalapenos to the mix. A deeper chile flavor but not intense heat.
